CAREER SUMMARY

I have over 40 years experience in the drilling industry, both on Land and Offshore. Working on all the various types of rigs from the old to the very new. I have developed a valuable knowledge of International Drilling operations. My supervisory capabilities and experience over the past 35 years has given me the ability to motivate others and communicate effectively at all levels of organization and with non English speaking nationals.

TEN YEARS OPERATING ON LAND 25 YEARS OFFSHORE DRILLING INCLUDING WORKOVER, HPHT, ERD DRILLING, & DEEP WATER EXPERIENCE. ALSO ENCOMPASSING FISHING OPERATIONS, CORING ECT. WHICH AT TIMES ARE A NECESSARY PART OF OPERATIONS IN THE INDUSTRY

Over and above the day to day Drilling Supervisors duties of ensuring safe, efficient and cost effective execution of the drilling / work-over program.

I had additional remits to include but not limited to the following. Reviewing, checking and at times advising on drilling programs. To ensure the targets and well objectives comply with requirements and are achievable.

Non standard operations, potential hazardous operation (over pressure, shallow gas, collision risk, H2S, lost circulation zones, unusual casing string weight, etc), offset well references, expected pressure with depth versus pressure prognosis chart and table, leak off test requirement, hole deviation and survey requirement, target tolerance, drill string vibration, casing wear, BOP requirement and test pressures for each section, well head specification, casing program and design summary.

Executing the drilling program and constant evaluation of potential problems, approaching these on a proactive basis to complete the well objective safely, efficiently & within budget.

I have found my practical and hands on approach, historical knowledge coupled with a pleasant approachable personality and a keen eye for detail. Gave me an advantage in leading the various teams to excel in many projects and fields

I am computer literate since 1980. Conversant with MS Word, Excel, Data bases. Various maintenance programs, also DIMS experience with Maersk Oil & Gas and Shell oil- PDO Also I have Deep-Well experience on land and offshore.

WORK HISTORY

Nov 15th 2008 to Feb 20th 2009

AT present I am working, as Drilling Supervisor.

Working on a Jack up for the full duration of 2 shallow gas wells, sub sea completed.

The well's are only 800m deep,not with out problems,shallow gas, and sub sea completion's.

I will be on board for 8 to 10 week but I would be ready for February if any one is interested.

Aug11th 2008 to 15thSeptember 2008

Senior Drilling Supervisor For one trip only, Consultant.

Working on DP deep water drill ship, Deep Venture

Offshore Namibia West Africa

Completed, 8 ½ hole section, run liner, now Running DST.

July 2007 to July 4th Azari Drilling Baku

SR Drilling supervisor

Installed land rig on to a platform in Baku Azerbaijan

Install new cyber rig on platform 82

Now drilling three wells 6000m depth

From December to June, Building my new house, in the Philippines.

PETRONAS

Drill ship offshore Myanmar

10th June to 10th DEC 2006

Drilling and work over supervisor One well operation.

Addex oil Kurdistan ,Iraq

14th April – 28 may

Working as SR Drilling Supervisor, on land operations Iraq.

SEPT 13TH to 26th Oct

PETRONAS CARIGALI

Working as Drilling, Supervisor one trip as relief.

Deviated well in Pakistan on land rig, two sidetracks.

April 2005 To July2005

K.C.A Turnkey with PPL Pakistan

Drilling Supervisor ,offshore Pakistan, working on jack up Ensco 95 one well program. This is a deviated well straightforward, no major problems one well program.

June 2004 to Jan 2005 Reliance Oil India

Drilling Supervisor offshore India, working on H.P.H.T wells on a jack up rig and Semi Under balanced drilling. Using Precession Rotating bop for drilling, and stripping in the well and other well activities. **Semi-Sub**

June 2003 - January 04. Agip Oil Company.

Drilling Supervisor, offshore Iran, in the South Pars Field Gas development. The project consisted of Batch drilling over a 12-slot jacket. It consisted of deviated wells with a very shallow & difficult kick off point. A great degree of political correctness had to be exercised in this operation due to the nature of the partners P.O.G.C. Iran involvement.

December 02 - April 03 Mearsk Oil & Gas Denmark

Drilling Supervisor, offshore Denmark conducting drilling & work-over operations using a jack up. Drilling Horizontal wells up to 21,000 ft (SEMI-SUB)

September 02 - December 02 MP Zarar Oil Tunis

Drilling supervisor ,on a semi sub. For a one well program offshore Tunisia.
SEMI- SUB

February 02 - June 02 Hardy Oil India

This was a short-term Job of Two Sub Sea Completions
DRILL SHIP --

August 01 - January 02 Mearsk Oil & Gas Kazisthan

Consultant, Drilling Supervisor. Batch drilling Six ER wells and running completion onshore

June 00 - July 01 PDO Shell Oman

Drilling Supervisor, Drilling & work over operations.

June 99 - June 00 Tullow Oil & gas

Engaged, as a production supervisor, in a gas storage plant. Duties included, Supervising the import & export of gas. Also supervising and training of plant operators, in the use of equipment and safety procedures.

March 98 - January 99 Nam (Shell) Holland

Working as a Drilling Supervisor, on a land operation in Holland. This was a drilling and Work over operation. **Also offshore Semi-Sub**

June 97 - January 98 P.D.O. (Shell) Oman

Engaged, as Work- Over, Supervisor Land. Operations included Running and Pulling Dual and Single gas lift Completions. Running, single selective, completions. Milling Packer's fishing operations also running E.S.P completions.

November 96 - June 97 Sea Gull International Houston

Worked on a platform and tender operation in the Red Sea As Drilling Supervisor in charge of drilling work-over and production. Also ordering all materials required for drilling and work-over operations. This I did directly through myself to the vendors in Cairo.

TENDER--

March 96 - October 96 Luk Oil Russia

Drilling, Supervisor, Engaged on a 3 drilling and 3 work over land rigs in Russia. Supervising training and advising, on methods and equipment, as used by oil companies, and drilling contractors in the west.

March 95 - March 96 McPherson's Agency

Drilling Supervisor, Engaged in a drilling operation & training of local personnel offshore Thailand.

Prior to the above from 1967 progressed through the Drilling contractor route as Roustabout, Derrick man Driller Tour Pusher Toolpusher Rig superintendent, Shore Base Manager with Santa Fe , Will Rig, Reading Bates ,KCA Drilling , Dolphin Drilling, & Storm drill. From, positions of roustabout, up through driller, tool-pusher & rig manager. Was eventually Shore, based as Rig manager for West Africa? Achieved a 60% increase in efficient drilling operations. Implemented a stop, program to reduce LTA.

Had the opportunity, in this period to work in a multitude ,of locations from UK N.Sea & Continental shelf of Norway, India and various others. I have 25 years hand on experience with Drilling contractors and 14 years as Drilling Supervisor. 10 Years on Land , operations and 29 years offshore Jack ups Semis , Drill Ships.

SEMI-SUBS North sea 15 years. With Dolphin. Drilling -- Wil Rig – Mearsk –Oil Storm Drilling Africa 5 years Drill ship.

TRAINING AND OILFIELD RELATED COURSES

2007 to 2009	Well Control School Renewed 14.12.2007
2008 2012	Survival Course Singapore renewed 06/ 10 / 08 HUET
2001 2004	H2S Course PDO Oman
1995	One week Cement Course
1989	Two week Advanced Drilling Course
1989	EIGHTEEN WEEKS DRILLING SUPERVISOR'S COURSE
NORWAY	
1988	One weeks Personnel Supervisor's Course

1987 Drilling Calculations Course
1987 Drilling Operations and Techniques Course

2008 **Offshore Medical Singapore 10/10/08**

AREAS OF WORK

North Sea, Spain, Norway, Denmark, China, U.S.S.R., Libya, Far East,
Middle East, North Africa, West Africa, South Africa and more.

TYPES OF RIGS WORKED ON:

SEMI, JACK UPS, DRILL SHIPS, PLATFORMS, LAND RIG (D .P) EXPERIENCE.
HP. HT WELLS DEEP WATER UP TO 8000 FT.H2S WELLS IRAN AFRICA .

Regards

John Kelly
